

# Pull-Out Shelves® Solve Problem

Sandy Eidenburg with HMM owner Phil Davis

Wichita photographer Sandy Eidenburg had a beautiful, late model kitchen with a problem. It lacked convenience and functionality. She struggled to fit and organize kitchenware and food items so they were visible and easily accessible. “This area needed work so badly,” she says.

Sandy visited the Handyman Matters booth at the Fall Home Remodeling Show last year and was impressed with their Pull-Out Shelves®. She asked HMM to install the custom-made roll-out shelving in two pantries and an island in her kitchen.

Last month, HMM’s Jason Wages completed the installation in just over five hours. Sandy was extremely pleased with everything.

“I love the shelves!” She says. “I especially like that they are adjustable so I can have different heights. And they’re strong enough that I can pull a shelf all the way out and be confident it won’t fall.”

Sandy was equally impressed by Jason’s craftsmanship and care. “He was so particular!” she says. “It was amazing how he fit them together like a puzzle.”

Jason, a trim carpenter for 15 years, cut everything to size in the garage before bringing it inside to install. “He was detailed and organized,” Sandy says, “and he cleaned up so well after himself.”

“We use Pull-Outs because their quality is second to none,” says HMM owner Phil Davis. Each durable shelf is constructed of Baltic birch wood sides with easy-to-clean, washable melamine bottoms, heavy-duty steel slides and a storage capacity of up to 100 pounds. All shelves are available with a state-of-the-art clear or white UV fine furniture finish for years of protection. Each is custom hand-built using dovetail construction, providing unparalleled strength. The shelves offer a Lifetime Warranty for as long as you live in your home.

Sandy was especially pleased with how smooth the entire process went from order to installation. “That’s our goal,” Phil says. “We have procedures in place to eliminate any glitches and make sure our customers are happy every step of the way.”

“I will use them again,” Sandy says, and adds, “I am highly recommending them to a couple of my neighbors.”

“Be the next HMM success story, call for your Pull-Out Shelves today.”

THE PULL-OUT SHELF  
COMPANY™

Handyman Matters is an  
authorized dealer and installer  
for The Pull-Out Shelf Company.

**Phil and Shelley Davis**  
*opened their local Handyman Matters franchise in 2004. Since then, HMM has repaired and remodeled hundreds of area homes.*
